December 2011 Camp – International Circular

Greetings to all with the following words: "If our camp meetings are conducted as they should be, they will indeed be a light in the world. They should be held in the large cities and towns where the message of truth has not been proclaimed. And they should continue for two or three weeks. It may sometimes be advisable to hold a camp meeting for several successive seasons in the same place; but as a rule the place of meeting should be changed from year to year." **6T 33**
